

2020 Grain Handling Policies

All Grain must be priced or removed within 10 days. (removed grain subject to in/out fees)
November Contracts may be delivered after October 21 IF there is room at your location
Any corn not priced will be stored and shrunk to 14.0

Let the scale operator know the disposition of your grain when delivered-store or sell.

Drying rates for 2020 will be 3.50 cents for each point of moisture removed. Custom dried grain must be removed in 10 days.

All Stored corn will be dried and shrunk to 14.0% moisture.

All Sold and Price Later Corn will be dried and shrunk to 15.00% moisture.

Dry Corn delivered for storage or grain bank over 14.5-15.0% moisture will be shrunk to 14.0% moisture. Corn over 15.00% for storage or GB will be dried and shrunk to 14.0%

Shrink: 1.40% for each 1% moisture removed.
